### DETAILS REQUIRED

To provide you with an arch best suited for your purposes we need the following information. What is the purpose of this arch? Location indoor or outdoors? How long do you need it to last? What size do you need ( see image on sizing )? Do you have a preferred pattern? Colors requested? What is your budget?

### SIZING ARCH FORMULAS

Arches are priced according to size. Follow the simple formulas below to help determine which size would best highlight your purpose.

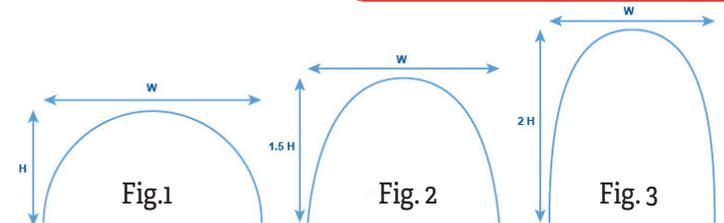

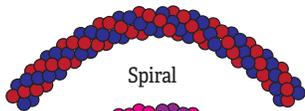

Fig. 1: Arch wider than taller ( width x height = approx. total linear feet)  
 Fig. 2: Arch equally tall as wide ( 1.5 x height + width = approx. total linear feet)  
 Fig. 3: Arch taller than wider ( 2 x height + width = approx. total linear feet)

### POPULAR ARCH SIZES

Arch on Table: 10 linear ft      Double Ballroom Entrance: 24 linear ft  
 Arch Across table: 18 linear ft      Street Arch: 40 Linear ft

### GARLAND PATTERNS

Different patterns create different visual effects. Note that some patterns below are subject to extra fees due to number of colors.

Spiral

Fat Spiral

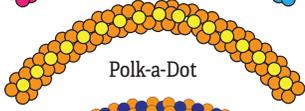

Checker Spiral

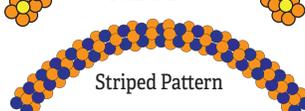

Arrow Pattern

Flower Pattern

Polk-a-Dot

Striped Pattern

Zig Zag Pattern
